MORGAN MOTOR COMPANY DEALER NETWORK

MORGAN EXPERIENCE

Morgan Experience connects people directly with Morgan Motor Company, bringing the brand to life through memorable, hands on experiences.

Based at the Morgan Experience Centre in Malvern, home to the Morgan Works Showroom, Morgan Cafe, retail shop and the Archive Room museum, it offers a clear starting point for discovering Morgan. Guests can explore over a century of history, join guided factory tours, view the latest Morgan models and drive a Morgan through the surrounding countryside.

Morgan Experience also supports the dealer network by strengthening the customer journey. From factory visits and bespoke driving experiences to tailored itineraries and event hospitality, it provides practical tools to engage customers, build confidence and support sales.

VISITING MORGAN MOTOR COMPANY

The Morgan Experience Centre in Malvern can host dealer visits and customer groups of any size throughout the year.

The centre brings together the Morgan Works Malvern showroom, spacious cafe, archive room museum and retail shop in one location, creating an ideal setting for customer engagement.

Dealers can use the centre for individual customer visits, including factory tours and vehicle specification. The showroom includes a dedicated specification area with material samples and a screen to support the process.

The centre is also well suited to larger groups of existing or prospective customers. Visits can include factory tours, test drives across the current model range and the opportunity to meet the team behind the design and build of Morgan cars.

Our in house cafe, operated by FAUN, provides flexible catering options, from light lunches to large scale buffets.
