Exterior Paint & Interior Leather Choices

Updated Guide for Summer/Fall 2017

## Standard Exterior Paint Selection

These shades are available as standard. For an additional charge you may select any existing automotive paint color. For any non-standard, please specify name of color and the paint code and verify that any paint code included in your order is accurate.

## Interior Leather

**Black** and **Honey** are available as standard at no additional charge. All other shades are considered Bespoke options. You can also select from a variety of Waterproof Leather colors, please request swatch guide to view range.
